

CAMILA MATTOS, FRONT END DEVELOPER

From Rio de Janeiro, Brazil; based in Dublin, Ireland
hello@camilamattos.com / camilamattos.com / +353 87 353 9757

MY WORK

Front End Developer at Strata3 (eir, formerly eircom account), Dublin, July 2014 to present
at eircom (contractor), Dublin, October 2012 to July 2014
at Old Hat (eircom account), Dublin, March 2012 to October 2012

Create solutions for front-end projects for all website brands: Meteor, eir, and eir Mobile (previously eMobile). Develop and maintain eir and Meteor support sites, including template creation and back-end implementation of the various support knowledge bases using the KANA IQ software. Implementation of new functionality, and improvement to the current Javascript libraries on My eir and My Meteor. Design, develop and maintain both new and existing web pages in OpenCMS and Alterian.

Super Moderator (Portuguese) at Zynga, Dublin, October 2011 to March 2012

Represented the company in the Portuguese and International forums. Updated the games' localised Facebook fan pages and created content for channels such as Twitter, YouTube, and blogs. Worked closely with customer support to better understand players' needs and report problems.

Perl Developer at Online Internet Services, Rio de Janeiro, August 2006 to July 2010

Developed and maintained the company's own e-commerce solution, including all administration, front and back end applications, database design and control, and institutional pages, with clients ranging from SMEs to one of the biggest retail companies in the country. Created scripts to extract data from various sources, such as spreadsheets, XML and text files.

Free Software Intern at PRODERJ Centre of Information Technology of the State of Rio de Janeiro, Rio de Janeiro, December 2005 to June 2006

Developed Perl and Shell scripts for LTSP clients and daily server routines. Provided internal software support.

Web Consultant at Única Consultoria Jr, Rio de Janeiro, May 2004 to July 2005

Designed, developed and maintained institutional websites. Advised clients on new technologies and solutions regarding their online presence.
